

AHMAD AL-WATTAR

Full Stack Developer

Bab Touma, Damascus, Syria | +963 938 932 206 | ahmedalwattar71@gmail.com

PROFESSIONAL SUMMARY

Computer and Automation Engineering graduate (Damascus University, 2026) with practical full-stack development experience using Laravel, TypeScript, and modern databases. Built a RADIUS authentication server from scratch in Python and a cost-estimation application, demonstrating strong backend logic and problem-solving skills. Fast learner with solid teamwork and communication skills, combining a networking/systems background with software development.

CORE SKILLS

Languages: TypeScript, JavaScript (React, React Native), Python, C++, Java
Frameworks: Laravel, React, React Native
Databases: MySQL, PostgreSQL
Systems/Networking: RADIUS/AAA, MikroTik
Other: Fast Learning, Problem Solving, Communication Skills, Teamwork, Microsoft Office

PROJECTS

RADIUS Authentication Server — Designed and implemented a RADIUS server from scratch using the Python pyrad library, integrated with a management website built with React (frontend) and Laravel (backend), handling authentication, authorization, and accounting (AAA) for ISP subscribers.

Door Installation Cost Estimator — Built an application to calculate the estimated cost of door installation based on user-provided structural measurements.

PROFESSIONAL EXPERIENCE

- Technical Support Engineer — Runnet (Internet Service Provider)***mar2026 – Present*
 - Installed and maintained PTP microwave links using MikroTik, Mimosa, and Ubiquiti equipment.
- Network Manager — Speed3 (Internet Service Provider)***Jul 2025 – Feb 2026*
 - Managed network operations and resolved technical issues for the outdoor WiFi service, strengthening troubleshooting and systems-thinking skills applicable to backend development.
- Technical Support Engineer — View (Internet Service Provider)***Feb 2025 – Jun 2025*
 - Installed, configured, and supported outdoor WiFi service for subscribers.

EDUCATION

B.Sc. in Computer and Automation Engineering — Damascus University*Expected 2026*

CERTIFICATIONS

CCNA (Cisco Certified Network Associate) — Al-Hadara Institute
